2. AGREEMENT AND ACCEPTANCE OF THE GENERAL TERMS AND CONDITIONS

- (a) An agreement between the parties is established when the Client, through email or by other means, provides written approval of the Lessor's submitted quotation. The Client also understands and accepts that verbal acceptance of the quotation, combined with the actual delivery and receipt of the rented equipment, is considered equivalent to written approval, signifying that the agreement is deemed to be concluded.
- (b) The Client's acceptance of the Offer also means that these General Rental Terms and Conditions are accepted as an integral part of the agreement between the parties.

3. RENTAL PERIOD

- (a) 'The Rental Period' starts on the delivery date and is ongoing until the Termination Date. 'Delivery Date' refers to (i) the day of delivery according to the definition in paragraph 5 (a) or (ii) the day specified in the Offer, whichever is sooner. 'Termination Date' refers to the date occurring last out of (i) the date when all Equipment has been returned to the Lessor's place of business; (ii) the date on which the Client has agreed to return the Equipment to the Lessor in accordance with the Offer or (iii) when the service that the Client has ordered from the Lessor has been completed.
- (b) The shortest Rental Period is one day.
- (c) The Lessor shall make the Equipment available for delivery on the agreed delivery date. The Lessor is not liable for delays due to circumstances outside the Lessor's control, provided that the Lessor informs the Client of these circumstances within a reasonable period of time.
- (d) If delivery occurs later than agreed and the delay is due to the Client's failure to accept the delivery without a valid reason or failure to collect the Equipment, the Lessor shall be entitled to receive full compensation for the days for which the Client failed to accept the delivery and/or failed to collect the Equipment.
- (e) The Rental Period may be extended through an agreement between the Parties. However, the Lessor has no obligation to extend the Rental Period and has the right to request that the Equipment is immediately returned to the Lessor after the expiration of the Rental Period.
- (f) Normal opening hours at the Lessor's place of business are weekdays, Monday–Friday from 8am to 5pm with closed for lunch 12pm–13pm.

4. RENTAL CHARGES

- (a) The Rental Charges are specified in the Offer accepted by the Client.
- (b) The Rental Charges shall be calculated from the Delivery Date to the Termination Date. In the event that the Equipment has not been returned at 5am at the latest the day after the expiration of the Rental Period, a Rental Charge will apply for every initiated 24-hour period or according to the applicable price list at any given time.
- (c) If not otherwise agreed, the following shall apply in case of the Client's cancellation.
 - (i) When the agreed Rental Period amounts to a maximum of seven (7) days, a cancellation fee of 50% of the Rental Charge shall apply if the cancellation occurs later than 24 hours before the Delivery Date.
 - (ii) When the agreed Rental Period exceeds seven (7) days, a cancellation fee of 50% of the Rental Charge shall apply if the cancellation occurs later than 48 hours before the Delivery Date.
- (d) The Client does not have the right to offset the Rental Charge against any claim on the Lessor.
- (e) In those cases where the Lessor's Staff is included in the Rental Charge, overtime allowance and additional costs (such as travel, accommodation, vaccination, visas, etc.) may apply in accordance with the Lessor's applicable price list at any given time.
- (f) Value-added tax (VAT) will be added to the Rental Charges and other costs and prices specified in the Offer.
- (g) The Client is responsible for taxes, fees, duties and all other costs and obligations related to the rental, use, and transport of the Equipment.
- (h) We require advance payment of foreign companies unless otherwise is specified in the Offer or any other special agreement.
- (i) In case of late payment, interest on overdue payment will apply by law.

5. DELIVERY, DELIVERY CONTROL AND DELIVERY NOTE

- (a) Delivery to the Client of Equipment and/or purchased Goods shall be deemed to have been taken place when the Equipment has left the warehouse or the Lessor's place of business, or has been otherwise surrendered to the Client or other party that the Client employs for receipt of the delivery.
- (b) The Client shall be responsible for the collection and return of the Equipment. The Lessor has the right to determine the delivery method for the Equipment. The Client bears the risk and the costs for the delivery regardless of whether (i) the Client has picked up the Equipment himself, (ii) the Client has arranged for a courier company or equivalent to pick up the Equipment or (iii) the Client has instructed the Lessor to arrange for a courier company or equivalent to pick up the Equipment.
- (c) The Client is required to check and test the Equipment and Goods immediately upon receipt by the Client.
- (d) In connection with each delivery, the Lessor provides a delivery note specifying the equipment included in the delivery to the Client. If no written complaint is received within four (4) hours after delivery, for rental periods of up to seven (7) days, or within twelve (12) hours for rental periods exceeding seven (7) days, it is deemed correctly confirmed that the equipment listed on the delivery note has been delivered in working condition. The Client is then obliged to pay the rent for each specified equipment according to the delivery note.

- (d) When operating the Equipment, the Client shall comply with all applicable laws and regulations, including but not limited to, the use, handling and transport of the Equipment.
- (e) The Client shall indemnify the Lessor against all claims for compensation for damages, fees, costs, penalties, fines and obligations arising during the Rental Period due to the Client's (i) failure to comply with or violation of laws and regulations, or (ii) the Client's breach of this agreement.
- (f) The Lessor is not responsible for errors in or the loss of data, files and/or other material recorded with or otherwise created using the rented Equipment or the Lessor's Staff.

Maintenance and repairs may only be carried out by skilled staff with access to detailed maintenance and service instructions. If the Equipment requires repairs in addition to standard cleaning and maintenance as a result of damages or wear that have occurred during the Rental Period, this work shall be managed by the Lessor but paid by the Client.

- (b) The Client is responsible for the excess, equivalent to a one Swedish price base amount ("Prisbasbelopp") per incident, as well as for any reduction or complete lack of insurance compensation.
- (c) If the Lessor and, secondarily, the insurance company determine that damage has occurred due to negligence, lack of knowledge, or intent, the Client is responsible for the costs of repairing the damaged equipment. If the Lessor deems that repairing the damage is not possible, the Client is responsible for all costs associated with acquiring new equivalent equipment.
- (d) The Client is responsible for any difference between the insurance company's compensation and the replacement value.
- (e) The Lessor reserves the right to demand the Client, at the Client's expense, to acquire insurance coverage to maintain their own liability insurance for the rented property against loss or damage arising from the Client's violation of safety regulations under 6 (a)-(h) above or due to other negligence. The Customer must obtain and pay for such insurance coverage in such a way that the insurance becomes effective before the start of the Rental Period.
